## My Job Board Job Posting Network

Do you have an information-only careers page on your website? Many job seekers expect to be able to find relevant jobs and apply directly from your site. With My Job Board you can promote jobs directly from your site, with no setup required.

Example of My Job Board:

The screenshot shows the Axiom Learning job board interface. At the top, it says "Join Our Winning Team!" and "Start Your New Career Today!". Below this is a search bar with the placeholder "Search for Jobs", a "Select Location" dropdown menu, a "Select Category" dropdown menu, and a "Search" button. Below the search bar, it says "Showing 1 - 6 of 6 jobs". The main content area is a table with four columns: "Role", "Location", "Category", and "Apply Now". The table lists four job openings: "Full Time Academic Skills Tutor" in Menlo Park, CA; "Full Time Academic Skills Tutor" in Wellesley Hills, MA; "Full Time Math and Science Tutor" in Los Altos, CA; and "Part-Time Academic Skills Tutor" in Menlo Park, CA. All jobs are in the "Teaching/Training" category. Each row has an "Apply Now" button.

Role	Location	Category	Apply Now

Full Time Academic Skills Tutor	Wellesley Hills, MA	Teaching/Training	Apply Now
